Application Information

Year	Vehicle	OEM #	STANDARD		GAS		CAB
			Front	Rear	Front	Rear	
2004-	Mack CTX series	OE p/n 14QK3103 (OE11460), replaced 14QK432M, (OE12294)	-	-	-	-	66113

Designed with the driver in mind, the Gas-Magnum® Cab Shock® isolates the cab from the frame, offering a smoother, more comfortable ride. Specifically designed for today's heavy-duty cab suspension, Monroe's Gas-Magnum® Cab Shock® utilizes patented groove tube technology, high-pressure gas charging and velocity-sensitive valving to deliver a new industry standard in driver comfort with reduced fatigue.

[2-Year / 200,000-mile warranty](#)
