There is a Gas-Magnum® shock absorber specifically designed for every hard working truck from class 3 to class 8. The **Gas-Magnum® 60** shock is gas charged for quicker response for a stable, more comfortable ride. For medium and heavy trucks and tractors. Replacing worn-out units with hard working Gas-Magnum® 60 shocks can help reduce excessive vibration. The results can be better tire life, less downtime and a lower cost per mile.
